

PRINCE2®

PRINCE2 is internationally recognised as the leading 'best practice' project management approach within government and the private sector; leading organisations have already introduced PRINCE2 world-wide. It addresses the needs of management by providing the governance structure for effective project management and control.

The focus is on the key principles, processes, activities and techniques needed for successful project management, providing those responsible for planning and managing projects with a structured and practical approach for projects of all sizes and types.

PRINCE2® is a Registered Trade Mark of the Office of Government Commerce in the United Kingdom and other countries; The PRINCE2 Swirl logo™ is a Trade Mark of the Office of Government Commerce.

PRINCE2® FOUNDATION

This course will equip the delegate with detailed knowledge of the PRINCE2 method including the seven principles, seven processes, seven themes, and techniques, that are central to the PRINCE2 method. It focuses delegates on the effective use of PRINCE2 within real projects, as well as giving an excellent success rate in the multiple choice industry-recognised Foundation examination. The course includes exercises, examination practice, discussion and questions.
